If You Are Looking For... "How To Sell Your Home Quickly " You Have Come to The Right Place

"I'm so confident that I will sell your home within 37 days that I'll give you a written guaranteed that your home will have **an offer for top dollar** within 37 days of your listing."

This written guarantee will give you the assurance that if your home doesn't sell within 37 days for Top Dollar, I will pay you \$3,000 guaranteed, when your home does sell.

While every agent will promise to sell your home, the reality of the real estate market today is that this simply doesn't always happen. The fact of the matter is, many homes listed for sale sit on the market for months, and some of these homes never sell at all.

Needless to say, this is highly frustrating to a homeseller like you. But more than this, it can be financially crushing if you're counting on the sale of your home to fulfill some other obligation.

Well, I set myself apart from most agents by being accountable to you. In other words, I don't just promise to sell your home, I guarantee it. My **"Sold in 37 days or I'll Pay You \$3,000 Guarantee"** is as simple as this: I will guarantee to sell your home within 37 days for top dollar or I will pay you \$3,000 at close of escrow!

If your home sits on the market for longer than 37 days from the time I list it, I will continue to market it aggressively but pay you \$3,000 cash upon its sale.

As you can see, I put my money where my mouth is. Instead of making you empty promises, I will give you a written guarantee of performance and if I don't live up to this agreement, I pay you \$3,000 cash.

In fact, I'm so confident that our real estate selling system will work for you, that I guarantee you the right to [cancel our listing agreement](#) at any time prior to accepting an offer to purchase your home, with no penalties or obligations, if you feel my service doesn't live up to my promise... [more](#)

There are just three requirements to qualify:

1. Your property must be a single family home, a townhouse, or a condominium.
2. Your property must be priced within 2% of the last five comparable sales in your neighborhood.
3. You must be willing to make the necessary repairs to your property, prior to the marketing period, to put it in a condition that will warrant the market price.
